## Have your say on park management in Northern and Yorke Region

---

Are you interested in the management of parks and the conservation of animals, plants and ecosystems in your local area? If so, here is a chance to have a key role in their future.

The community-based Northern and Yorke Region National Parks and Wildlife Consultative Committee provides the Minister for Environment and Conservation, the Hon. Gail Gago, with advice on matters relating to park management and biodiversity conservation in the Northern and Yorke Region.

The Department for Environment and Heritage (DEH) is seeking suitably experienced people who have an interest in any of the following areas to serve voluntarily as committee members:

- biodiversity conservation
- local government
- fire management
- land and natural resources management
- tourism and recreation
- built and cultural heritage
- planning, business and works
- education
- volunteering and community engagement.

The committee has between 10 and 12 members, meets up to four times a year, and works closely with Tim Collins, DEH's Regional Conservator for the Northern and Yorke Region.

Further information, including a copy of the Terms of Reference for the Committee, can be obtained from Tim Collins: telephone 8841 3408 or email [collins.tim@saugov.sa.gov.au](mailto:collins.tim@saugov.sa.gov.au).

Expressions of interest close on Monday 26 November 2007 and should be posted together with a short outline of your relevant expertise to Mr Tim Collins, Regional Conservator, Northern and Yorke Region, Department for Environment and Heritage, Unit 6/17 Lennon Street, Clare SA 5453.
