Application for a **PERMIT TO COLLECT NATIVE PLANT MATERIAL (cont.)**
For an Individual / Community Group / Botanic Garden

Issued pursuant to [Section 49, National Parks and Wildlife Act, 1972](#)

Please provide a detailed explanation of your purpose for collection (what is the intended use of the species once collected)? Please include information on where and how the seed/fruit is to be stored and where the revegetation activity is to take place (**Note revegetation of threatened species will not be approved for activities that involve direct seeding. Revegetation of threatened species must be through tube stock where possible**).

5. What training and experience have you had in the collection of native plant materials?
Please provide information on any training and workshops attended.

6. Please attach references in writing from 2 people who can attest to your suitability with regards to this application. Referees should have demonstrable and extensive botanical knowledge.

Note: there should not be a conflict of interest between the referees and this application

7. Please list any membership affiliations you may have with any relevant organisations or groups.

I hereby declare that the information supplied in this application to be correct.

I further agree to comply with any terms or conditions attached to the permit and that a breach of any condition may be prosecuted and/or may terminate this permit.
