

## Case Studies

### SRC Recycling

Middle Years  
Senior Years

### Urrbrae Agricultural High School

Partners: Student Representative Council  
Staff  
SITA Recycling

The project aims to recycle all of Urrbrae's waste paper, including:

- Paper
- Coloured paper
- Newspaper
- Cardboard

The project links with the environment focus across the curriculum.

The success of the program is determined by

- Students using the recycling bins in the yard
- Staff and students recycling in classrooms

Links between classroom work and environmental project

It shows that an environmental project can be set up by students.

#### Environmental Reporting Themes and Issues for this project

##### Themes

##### Issues

##### Biodiversity

- Native Vegetation

## Land Resources

- Land use

## Human Settlements

- Waste

## Environmental Reporting Themes and Issues for this project

- Design and Technology
- Society and Environment

## Elements of the Essential Learnings that your project develops

### Futures

- Learners building scenarios of preferred futures
- Learners acquiring skills that will enable them to thrive in a fast changing world rather than becoming casualties of such change

### Interdependence

- Learners coming to an understanding of what is needed for sustainable social and physical environments
- Learners cooperating to achieve agreed outcomes
- Learners acting to benefit their communities

### Thinking

- Learners developing enterprising and creative solutions for contemporary issues
