We would like to acknowledge this land that we meet on today is the traditional lands for Kaurna people and that we respect their spiritual relationship with their country. We also acknowledge the Kaurna people as the custodians of the Adelaide region and that their cultural and heritage beliefs are still as important to the living Kaurna people today.

6.1	Post WWII Churches of South Australia – Review of list for assessment <i>On 13 February 2020, the Council noted the report 'Post war places of worship in South Australia 1945 – 1990' prepared by Mr Chris Burns. There were found to be 406 extant places of worship built in SA between 1945 and 1990. A short list of 20 post war places of worship will be presented to Council, who will consider which of these 20 places should be added to its list of places to be assessed.</i>
6.2	Annual Report 2019-20 <i>The Council is required to prepare an annual report on its operations at the end of each financial year for the Minister to table in the Parliament of South Australia. Council will consider a draft report relating to its activities of 2019-20 at this meeting for approval.</i>
6.3	Termination of remaining Monarto Heritage Agreements <i>The Monarto Heritage Agreements (MHA) came about after extensive planting of native and non-native trees was undertaken on Crown land during planning for a satellite city at Monarto in the 1970's.</i> <i>A MHA is a legal contract between the landholder and the SA Government that prevents the landholder from removing or damaging planted trees and saplings on the land subject to the Agreement. The Agreement is administered pursuant to the Heritage Places Act 1993. Most of the MHA have now expired, however some were extended and advice indicates that protection of these plantings would ideally occur under different legislation and therefore Council will consider a proposal to recommend to the Minister that the remaining MHA be terminated. If this occurs, then options will be</i>

		<i>explored re the possibility of the landholder entering a management agreement under the Landscape South Australia Act 2019, if they so desire.</i>

7.2	Sands & McDougall Building, 64 King William Street, Adelaide	<i>This place has been nominated for consideration for provisional entry as a State Heritage Place. An assessment report has now been completed and Council will consider the nomination along with the assessment report to determine whether this place may meet one or more of the criteria for listing under section 16 of the Heritage Places Act 1993.</i>
