

# SPECIALIST FAUNA DEALER PERMIT APPLICATION (Class 2s) SOUTH AUSTRALIA 2018-19

Government of South Australia

Department for Environment  
and Water

A Specialist Fauna Dealers Permit is a permit issued pursuant to section 58 of the *National Parks and Wildlife Act 1972* that entitles the holder in the course of carrying on the business of dealing in protected animals to keep and sell specialist animals identified in the permit by reference to the species or other class to which they belong.

Applicants should note that each application is considered on its merits, with special consideration being given to the conservation status and the degree of difficulty in keeping these animals. The application process may include an assessment of the facilities and expertise available to manage each species. This assessment may limit the species, responsibilities or activities a permit holder may undertake under this permit. Applicants may be asked to provide further information in support of this application.

Information supplied on this form will enable your application to be processed as prescribed by the *National Parks and Wildlife Act 1972*. Your application must be assessed and a permit granted before you can proceed with the proposed activity. Your application may take up to eight (8) weeks to process.
