A wide array of publications, published papers, organisations and people were consulted in the development of Ecological Character: Coorong, Lakes Alexandrina and Albert Wetland of International Importance.

Barker, RD & Vestjens, WJM 1984, The food of Australian birds II, passerines, CSIRO, Australia.

Bickford, S 2000, ‘Environmental History of the Fleurieu Peninsula’ PhD in progress, Department of Geographical and Environmental Studies, University of Adelaide, South Australia.

Boon, PI 2000, Biological impacts of changes to water level and salinity in the Coorong, prepared for the Upper South east Dryland Salinity and Flood Management Scheme.

Brandle, R 2002, A Biological Survey of the Murray Mouth Reserves, South Australia, Biodiversity Survey and Monitoring, National Parks and Wildlife South Australia, Department for Environment and Heritage.

Brown, PB & Wilson, RI 1984, Orange-bellied Parrot Recovery Plan. Management Recommendations to the Governments of Tasmania, Victoria and South Australia, NPWS, Hobart.

Department of Sustainability and Environment, Victoria 2005. Framework for describing the ecological character of Ramsar Wetlands, including a description of the ecological character of Barmah Forest Ramsar site.

Department of Water, Land and Biodiversity Conservation (DWLBC), Hydys data.

DWLBC 2003, Lower Murray Reclaimed Irrigation Areas: A guide to Irrigation Reforms, booklet 1, Department of Water, Land and Biodiversity Conservation, Adelaide.

DWLBC 2005, Lower Lakes, Coorong and Murray Mouth Asset Environnetnal Management Plan (draft), report prepared for the Murray-Darling Basin Commission, Canberra.

Earth Tech Engineering Pty Ltd 2003, Sustainable Grazing and Land Management to Promote Ramsar Values around the Lower Murray Lakes, prepared for the Goolwa to Wellington Local Action Planning Board Inc., Coorong and District Local Action Plan Committee and the Department for Environment and Heritage.

EconSearch 2004a, Social, Economic and Environmental Values and Indicators for the Lower Murray Region, a report prepared for the Murray-Darling Basin Commission and the Department of Water, Land and Biodiversity Conservation, EconSearch and Australian Water Environments, Adelaide.

Edyvane, K, Carvalho, P, Evans, K, Fotheringham, D, Kinloch, M & McGlennon, D 1996, Biological Resource Assessment of the Murray Mouth Estuary, report prepared by the South Australian Research and Development Institute and the Coastal Management Branch for the Department of Environment and Natural Resources and the Australian Nature Conservation Agency.

Geddes, M 2003, Survey to investigate the ecological health of the North and South Lagoons of the Coorong, June/July 2003, a report prepared for the Department for Environment and Heritage and the Department of Water, Land and Biodiversity Conservation, Adelaide.

Geddes, MC 2003, Survey to investigate the ecological health of the North and South Lagoons of the Coorong, June/July, SARDI Aquatic Sciences & University of Adelaide.

Gell, P 2005, personal communication.

Gibbons, P 1984, The Orange-bellied Parrot: an assessment of the habitat of the Orange-bellied Parrot (Neophema chrysogaster) in the south-east of South Australia, NPWS, Adelaide.

Goolwa to Wellington LAP, personal communication.

Hammer, M 2002a, The South East Fish Inventory: Distribution and Conservation of Freshwater Fishes of the South East of South Australia, Native Fish Australia (SA) Inc., Adelaide.

Harasymiw, BJ 1983, Effect of Temperature on Life Stages of Latrobe River Fish Species, State Electricity Commission of Victoria, SO/83/69.

Knight, MA, Tsolos, A & Doonan, AM 2003, South Australian Fisheries and Aquaculture Information and Statistics Report, SARDI Research Report Series No. 58, SARDI Aquatic Sciences, West Beach, Adelaide.

Loyn, RH & Kinhill Planners 1980, Historical records of Orange-bellied Parrots, ICI Australia, Melbourne.

Mahony, M 1999, ‘Review of the declines and disappearances within the bell frog species group (Litoria aurea species group) in Australia’ in Declines and disappearances of Australian frogs, pp. 81–93.

Mallien, van der Wielen, Hammer & Muller, observations.

MDBC2002a, The Murray Mouth: exploring the implications of closure or restricted flow, Murray-Darling Basin Commission, Canberra.

MDBC 2003b, Description of Hydrological Modelling for a demonstration of the recovery of 500GL for the Murray Mouth, Coorong and Lower Lakes, draft report prepared by Julianne Martin, Murray-Darling Basin Commission, Canberra.

Nicol, J 2005, ‘The ecology of Ruppius spp. in South Australia with reference to the Coorong’, South Australian Research and Development Institute (Aquatic Sciences), Adelaide, 44 pp., SARDI Aquatic Sciences Publications Number RD04/0247-2.

Oborne, J 2003, Ecological Requirements of the Coorong, a paper prepared for the Department of Water, Land and Biodiversity Conservation, Adelaide.

Paton, D 2004, Presentation to Goolwa Ramsar management planning workshop hosted by Ramsar Task Force, presented by M Geddes.

Paton, D date unknown, Environmental flows and management of releases needed to enhance the ecological performance of the Coorong and Murray Mouth estuary: environmental impacts and flow requirement.

Pickett, M 2005, personal communications.

Raukkan farmer, personal communication.

River Murray Catchment Water Management Board (RMCWMB), unpublished data.

Seaman, RL 2003, Coorong and Lower Lakes habitat mapping program, Conservation Programs, Department for Environment and Heritage, South Australia.

Seaman, RL 2005, Ramsar core habitat zones, unpublished draft report.

Sinclair Knight Merz (SKM) 2003, Habitat requirements of native fishes of the Murray-Darling Basin.

Thomson, JM 1957c, The Food of Western Australian Estuarine Fish, Fisheries Department, Perth, Western Australia, 13 pp., cited in PIRSA 2005, Management Plan for the South Australian Lakes and Coorong Fishery.

Thomson, JM 1957d, The size at Maturity and spawning times of some Western Australian Estuarine Fishes, Fisheries Department, Perth, Western Australia, 8 pp., cited in PIRSA 2005, Management Plan for the South Australian Lakes and Coorong Fishery.

Tyler, MJ 1978, Amphibians of South Australia, Government Printer, South Australia.

Vale, T 2005, personal communications.

Williams, M & Goodwins, D 1987, ‘Conservation of biological diversity on the Fleurieu Peninsula’, Parts 1 and 2, South Australian Naturalist, 63 (2) and (3).

Winter, S & Squire, E 2003, Monitoring fresh water soaks in the Southern Lagoon of Coorong National Park, South Australia, SA DWLBC & DEH.
